COMPENSATION COMMITTEE CHARTER

I. PURPOSE

The Compensation Committee, established by this charter, is a committee of the board of directors of the Alabama Farm Credit, ACA ("Association") which is accountable only to and shall report only to the board of directors of the Association. The primary function of the Compensation Committee is to provide assistance to the Board of Directors in fulfilling the Board's responsibilities with respect to matters involving (1) the compensation of the board and the CEO; (2) to review the compensation policies and plans for senior officers and employees, including incentive compensation plans and benefits, and (3) engage in such other matters as may from time to time be specifically delegated to the Committee by the Board.

While the Compensation Committee has the authority set forth in this charter, it is not the duty of the Compensation Committee to approve the compensation of individual senior officers or employees. This is the responsibility of management.

The Compensation Committee will discharge these responsibilities by carrying out the activities and processes set forth in the following sections of this charter. In doing so, the committee shall have full access to all books, records, facilities, personnel of the Association, outside professionals and advisors engaged by management, and is authorized to retain and terminate outside counsel or other experts considered necessary in discharging its role, including sole authority to approve the fees and retention terms for such outside advisors. Any such outside advisors shall be independent of management.

II. MEMBERSHIP

The Compensation Committee shall be appointed by the board of directors and shall be composed of at least three members, each of whom shall be a member of the board of directors who is free from any relationship, conflict of interest or appearance of conflict of interest that could interfere with the exercise of his or her independent judgment as a committee member as determined by the board of directors.

The term of office for each position on the committee shall be for one year. The chair and members of the committee shall be appointed by the board at the annual organizational meeting of the board and shall serve until their successors shall be duly selected and qualified. The chair of the Compensation Committee shall be the principal contact between the committee and the board and the committee and senior management. The chair of the board of directors may serve as chair of the Compensation Committee. The board, upon recommendation of the committee or otherwise, may remove any committee member at any time.

III. MEETINGS

The committee shall meet at least two times annually, but as frequently as the committee deems necessary. Meetings may be called by the chair of the committee, by the chair of the board or as recommended by the CEO. A majority of the members of the committee shall constitute a quorum. The committee shall have the authority to delegate any of its responsibilities to subcommittees as the committee deems appropriate. The committee may meet with, and receive reports from management and professional advisors engaged by management. The committee shall also hold executive sessions without management to discuss any matters that the committee believes should be discussed privately or with its independent advisors.

Minutes of committee meetings shall be made available to committee members during their term of service on the committee and shall be maintained for at least three years.
